The Honorable Bobby Scott  
Chairman  
Committee on Education and Labor  
Washington, DC 20515

The Honorable Virginia Foxx  
Ranking Member  
Committee on Education and Labor  
Washington, DC 20515

Chairman Scott, Ranking Member Foxx and Members of the Committee:

We are veterans, servicemembers and military family members that are current students or graduates of a private career, technical or trade school.

We are so disappointed to learn that the College Affordability Act seeks to restrict where we choose to use our hard-earned benefits, including the GI Bill, by manipulating rules like 90/10. Contrary to what you may have been told, we were not duped, tricked or misled into our schools or programs of study.

Please respect our freedom of choice.

Sincerely,

Adam Sudweeks
